

# WE WANT YOU FOR ROBOTCITY WORKSHOP!

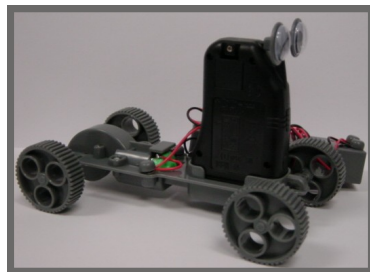

Ever wonder how the Mars Rover works? Or how we travel and collect information in space? Or even what exactly it is we're looking for out there? Robotcity Workshop presents **ROBOTS IN SPACE!** Our NASA themed program for fall 2011 features fun, hands-on activities and projects to take home that will help teach you more about the final frontier. Come build with us!

**Mondays, 2:45-3:45pm**

**GRADES 1 - 5**

**September 19-November 14 (8 weeks, no class 10/10)**

**\$175, all materials included**

**ROVE PLANETS WITH ALTERNATIVE ENERGY · DETECT AND COLLECT MATERIALS · EXPLORE AND RESCUE MISSIONS**

Hawthorne Academy
